PERSONAL PROJECTS

SmartContactManager (10/2022 - 01/2023)

- This Project is made in Java.I have used SpringBoot Framework and Hibernate for Database and Thymeleaf for Dynamic Page.
- SmartContactManager allows users to store all of their contacts in one centralized location, making it easy to access and manage information such as names, phone numbers, addresses, email addresses, and more.
- Features: User Registration and Login, User Profile Management, Web Application, Security , RESTful API,MVC Model .based
- Technologies: **Java , Spring Boot , Hibernate , Thymeleaf , HTML/CSS/JavaScript , Database ,**
- <https://github.com/ravikumar9555/SmartContactManager.git>

Chat Application

- The Chat Application is a Java-based software that allows users to communicate with each other in real-time over a network. The application is designed to handle multiple concurrent connections, ensuring efficient communication between users. It employs various technologies such as JDBC for database connectivity, Socket Programming for network communication, and Multithreading to manage concurrent interactions between clients.
- Some Featruers :- **Real-time Chat, Friend List, Group Chat**
- Technologies Used: Java, JDBC (Java Database Connectivity), Socket Programming, Networking, Multithreading.**

ExamPortal Web Application

- This Project is made in Java.I have used SpringBoot Framework ,Angular for frontend and Hibernate for Database .
- An exam portal web application is a project that provides an online platform for conducting exams and assessments. This application allows users to create, manage, and take different types of tests, such as MCQs, subjective questions, and practical exams. The system can also generate random questions from the database to ensure fairness in the assessment process.
- The exam portal web application has several features, including user authentication, test creation, test-taking, grading, and result analysis

SKILLS

Spring boot

Git

Eclipse

Angular

Javascript(ES 6)

Postman

SQL

CSS

Jdbc

IntelliJ

HTML 5

Spring Tool Suite

React js

ACHIEVEMENTS

Software Engineering Virtual experience
Program(Goldman Sachs) (01/2023 - 02/2023)

Software Engineering Virtual Experience(J P Morgan)

Technology Virtual Experience Program(Deloitte)
